PRESIDENT'S REPORT

RIISING TO THE CHALLENGE OF CHANGE

The founding ethos of Thane S.P.C.A. has always been transparency, dedication and honesty. Based on these values, we completed 17 years of service to our community animals and their amazing caretakers. Understandably, the only constant in this work has been change. Always taking us forward with God's grace. 2018-19 has thrown us, and in fact, all Indian S.P.C.A.s into the greatest challenge and change ever faced. The Government of India has decided to run S.P.C.A.s by themselves and asked all existing S.P.C.A.s to change their names and everything else that comes with it. Whether Kolkata S.P.C.A. which is the oldest in India at >150 Years, or us, comparatively younger, the axe has fallen on all indiscriminately. We all will need to go through a massive change in the coming year. But I am convinced it will be for the best as always.

Having informed you all about the impending cosmetic change we will be going through in the coming year (about which you all be kept informed at every step of the way), I am privileged to present to you the Annual Report of 2018-19 and sharing all our experiences with you.

We've made major additions in our Intensive Care Unit and Operation Theatre by adding more equipment to both. Some very essential repair work was carried out in the premises to ensure the decrease in infections. We've welcomed two full-time Post Graduate Medical Officers who have taken on the role of supervising all medical functions in the hospital. We've added one new ambulance to our fleet, thereby ensuring that we're able to provide maximum service to far-flung areas where no veterinary care is available. We've taken on the cudgels of Animal Birth Control and Anti Rabies drives for street animals in the absence of the local authorities fulfilling their responsibilities for the same. This is in addition to our usual intensive hospice work that we are dedicated to all year round. For our fight against animal cruelty, our legal team has worked non-stop, prosecuting perpetrators beyond the boundaries of our district, and mitigated hundreds of man-animal conflicts. Our team has, for the first time anywhere, made a training model to sensitise security guards in housing complexes towards companion animals, as the most common form of conflict lies in high footfall gated complexes.

The coming year will remain another challenge which we will overcome together. I take this opportunity to thank all our supporters, friends, volunteers and staff, who've given of themselves to save the lives of thousands of animals in need. The pride and honour that I've felt to be a part of this unravelling journey, has only made me more determined to take this work forward for as long as I can. Together, we will continue to create a better life for as many animals as we can.

Shakuntala Majumdar

President (Thane S.P.C.A.)

MISSION STATEMENT

Profoundly aware of the value of each animal, we aim at living our Mission everyday by serving our community animals with committed compassion to relieve them of their suffering and to restore their health swiftly, scientifically and humanely while protecting and lobbying for their natural rights

PURPOSE

CREATING A BETTER LIFE FOR ANIMALS

Collaborating

Collaboration has been a top priority for us always. Strength comes from knowledge, skill and experiences. We work very closely with other fellow organisations like RAWW-Mumbai and AWAAZ, with FIAPPO as well as with different administrative bodies in Municipal Corporations, Police and the Forest Departments. The result has clearly been amazing, spiking up our successful rescue results. Specifically, our benefits have been: -

- ◆ Cost savings – through joint purchasings, shared transportation and shared staff training
- ◆ Enhanced programmes by creating a continuum in the process of rescue and final rehabilitation
- ◆ Efficient outreach by expanded audience base by sharing workload, and increased leadership skills

We are hoping that the alliances will make our future activities more sustainable.

Delivering Tangible Results

Our Motto: 'Rescue-Rehab-Release' has been followed to the T. While we focused all these years on critical surgeries, a service for community animals not provided by anyone else, we realized that we had to intervene with animal neutering also, as the Municipalities had failed to live up to their responsibilities. Thousands of animals are brought to us, unwanted and persecuted because of the birth cycle they grow through. With support from organisations like CHAL-USA, and Corporates like Prudential, Sharda Cropchem, Blue Moon Properties, Shubh Mangal Credit Capital Pvt. Ltd, Puvaraj Advisors Pvt. Ltd and Vibgyour Investors & Developers Pvt. Ltd, we have been able to run free or very low-cost de-sexing programmes. Looking at happy caretakers, we have decided to make ABC a key priority. We will raise funds and invest in the programme in the coming year again.

Brain Yard – Our Database System

In 2017 we piloted our Vet Buddy programme at a cost that seemed a lot at the time. Within a couple of months, we counted our blessings. It is a centralized data system with tailor-made features providing real-time information of every animal to cross our thresh hold. At any point of time, we can extract medical data helping in our treatments, monitor our inventory and raise alerts and reminders.

While we have been able to reach out to thousands of animals, we have been lacking in one area - to have our own space as a halfway home between rescue and rehabilitation. In 2018-19, 276 animals found their Forever Homes. Our adoption Co-ordinator worked tirelessly to find that perfect home for each of them. We have been supported by private fosters during this time, and we pray that very soon we have our own space where our animals can stay away from hospital environment between the time they are rescued and adopted.

Thane S.P.C.A. Statistics (2018-19)

Animals Treated:	17,027 (including)

Educating and Engaging

Beginning every summer, our premises fill up with little feet. Hundreds of Kindergarten students visit us to have a hands-on experience with animals. Our staff members spend a good part of the mornings introducing them to animals and birds, and allow them to witness some animals being treated, fostering compassion and respect towards animals. It has been encouraging to see more and more parents bringing their children to spend time with our animals, or to spend their birthdays with them and our staff members. We have had a lot many more 'under 18' volunteers to work with us with parental permission. Corporates have encouraged Employee engagements

in our facility. All in all, there is no better way to ensure a compassionate future than to expose our children to animal maladies, way early in their lives.

Justice for Animals

As a private S.P.C.A., we have had limited authority to carry out rescue work. We need the assistance of the implementing agencies like Police and Administrative authorities. In these times of serious offences against animals, our Legal Team has given unstinted Pro Bono support to a total of 121 cases of cruelty in 2018-19. We respond to cases within 36 hours, and believe that prosecution is a must in many cases, as it acts as a deterrent to further crimes, and is also the only way of showing respect to the animal who has suffered. We've been very fortunate to have support from both the Police and Administrative Departments.

Support

Since 2014, we've been supporting promising younger organisations & individual caregivers financially and logistically to find their feet, as once we were supported by our esteemed donor friends in our time of despair. Examples: AWAAZ and SAVE for the treatment of their on-street rescues; RAWW Mumbai for the treatment of their wildlife rescues; and Taru Gayphel Tsogspa in faraway Ladakh to save their indigenous dzos & dzomos. We've offered subsidised or free treatment and care for animals brought in by individual rescuers. We also took out time to recognise their selfless efforts through an awards ceremony, via which we hope to have boosted their morale.

WHAT WE DO

RESCUE, REHAB, REHOME SHOWCASES

This flamingo was found critically entangled with ropes used in fishing nets. Early morning birders took out hours to free him, but since he had injured his leg, they admitted him with Thane S.P.C.A. in early March 2019. After four days of topical dressing, plenty of flamingo food sourced with a lot of pain, he was good to go back to nature again.

Rescued from Shirdi, the staff decided to name him Sairam, which changed to Saira when they discovered he was actually a girl. She had a gaping head wound, her foot was crushed under a vehicle & she was anaemic, with a liver issue. But she was also a miracle. A most co-operative patient, she responded to our treatment from day one and was soon adopted and rehomed in a beautiful farmhouse.

A resident of Vasai, Chameli had iron wire around her hind legs which had cut into her muscle. Her eyes were also severely impacted for some unknown reason. Alerted by an animal lover, our ambulance was immediately dispatched and we rushed to admit her. She was nursed with love and care. Doctors thought she had lost her eyes but after a few days of treatment, to their joy they realised that the eye was intact. She was treated and is back to complete health. Chameli has found a beautiful Forever Home!

Note of Gratitude

Once again we take this opportunity to thank our patrons and donors, friend and supporters, who have backed us up, all year through. Your monthly donations provide Thane S.P.C.A. with a regular income and allow us to consistently help animals in need. Once an animal is rescued, it is given medical treatment as required, neutered and then cleared for adoption. Our sincere thanks to Phoebe's Farm who makes these animals a part of their farmland till they move onto their adoptive homes. We want to thank every family who adopted an animal from us and gave them space in their hearts. With your support, we ran the Marathon and raised Rs.6,00,000/- for the animals. Support came to us from friends unknown, and animals like Jilloo the tortoise and Kishmish the dog who helped us reach our target at the end moment. Our sincere thanks to corporate sponsorships and a wide variety of in-kind donations ranging from Hi Pressure jet sprays to free advertising, and partnering with a Thane S.P.C.A. fundraising event, among other things. We're also extremely grateful to our volunteers – we could not have done without your support! Thane S.P.C.A. is built on the love and support of our communities. To all the animal lovers and supporters out there, you supported Thane S.P.C.A. in your community - we thank you on behalf of all the animals. We especially extend our gratitude to our partners:

- ◆ Hemant Shetty and Co (Chartered Accountant and Auditors) – for their dedicated services for the last 17 years
- ◆ Unnikrishnan K.G. – for his unstinted support at the accounts desk
- ◆ Out of the Box Solutions – for website design and maintenance
- ◆ S.D.K. Associates – for their services as our labour consultants
- ◆ RAWW India, AWAAZ Voice of Stray Animals & SAVE – our working partners
- ◆ Maharashtra Forest Department, Thane Police Office of SP (Rural) & Police Commissionerate of Thane – for their support and implementation of laws

Support Thane S.P.C.A.

Bestow financially	When you support us financially, you are not only directly supporting our beneficiaries, but you are also uplifting the lives of our staff members, most of who found their only jobs here with us and you benefit from being tax exempted.
Leave us an endowment	Your legacy will ensure that our future leaders will have resources to design and implement animal welfare projects.
Donate medicines & goods	As a hospital with critical care patients pouring in round the clock, our needs for medicine stock is unending. Your donation of medicine and consumables, as well as old household goods can help us save money and use it for animals directly. For online donations, visit http://thanespca.org/donate/
Employee interaction	We offer service opportunities for your employees. They can share their professional skills with us, or simply light up the life of our resident animals by spending time with them.
Visit us	Come, spend time with our staff and enrich your lives by listening to the stories each animal has to tell. Your visits boost the morale of our staff.
