IMPACT OF YOUR DONATION TO US

One of the most impactful ways your donation can help is by funding essential veterinary care. Animals that come to our hospital mostly require surgeries and extensive treatment for injuries or illnesses. Your donation covers the costs of these critical medical services, ensuring the animals receive the care they need to be healthy and adoptable.

Supporting Adoption and Outreach

Our hospital aims to not only provide intensive care, but also rehabilitation facilities when needed. Your donation helps cover the costs of adoption events, marketing materials, and other initiatives that connect loving families with the perfect pet. It also enable us to expand our community outreach, educating the public on responsible pet ownership and the importance of adoption. The costs of holding the animals in foster care facilities till they are adopted, are borne out of your donations. This is an investment ensuring an animal is placed into a home from where they will never be returned.

Improving Facilities and Operations

Well-designed, cleanly maintained facilities are essential for the animals' comfort and the efficient operation of our hospital. Your donations have funded renovations, expansions, and upgrades to holding facilities, modern diagnostic equipments and other infrastructure. This creates a more efficient environment for the fast and accurate treatment of animals by our Medical Staff.

Community Impact

Animal facilities play a vital role in communities by reducing the number of stray animals, preventing animal cruelty, and promoting compassion towards animals. Your donation can have a positive impact on the well-being of animals in your community.

Every gift, no matter the size, can make a real difference in the lives of homeless and neglected animals. Your donation provides the shelter with the resources it needs to rehabilitate, care for, and ultimately rehome the animals entrusted to their care. It's an investment in the welfare of both the animals and the local community.

The quarter in images

We know that some images are graphic, but this is what our staff deal with everyday, 365 days a year. Mostly our stories have happy endings, on some occasions death defeats us. But what matters is that we give every case our best shot. And will continue doing the same, with support from you.

You have supported our work always, will you be a part of our journey again ?
